

Bette Vaughn Salon is excited to announce our salon is now open! We regularly clean and disinfect the salon but are taking additional steps in line with Texas guidelines to ensure the safety of our Bette Vaughn family.

Below are our health and safety procedures:

- Furniture/salon chairs, mirror and sink will be disinfected between every appointment
- There will be no double booking at this time – only you and the stylist will be in the salon during your appointment
- We do not re-use capes or robes – all are washed after every use
- Hand sanitizer and antibacterial soap are in the salon, frequently used by our stylist between/during appointments and available for your use
- All tools and equipment are cleaned/disinfected after every use
- Gloves are worn as much as possible – there are times it is difficult to use gloves, such as during a haircut when gloves will not be worn
- Our stylist has a mask and face shield that will be worn during your entire appointment to avoid direct face-to-face contact
- We are practicing social distancing, so our stylist will not be shaking any hands or hugging anyone
- An air purifier with a HEPA filter and UV-C Sanitizer will be in the salon and on during all appointments
- Our stylist will be taking her temperature daily and posting it in our salon for clients to see upon arrival

Be prepared for your visit:

- When you arrive, please call or text 972-795-1902 and let us know you are in the parking lot. Once the salon is ready for your visit, we will contact you to come inside
- All clients are asked to arrive alone – please do not bring any additional people, children, or pets to your appointment
- All clients are asked to wear a mask when entering our salon and during your appointment
 - If you do not have a mask, a disposable one will be provided to you
- All clients are asked to leave their purses, bags, wallets, etc. in their cars and only bring in essential items such as your phone, keys, and a form of payment
- Prior to entering our salon, your temperature will be taken using a no-contact thermal thermometer
 - If you do have a fever, we will respectfully ask you to leave and will text you to reschedule your appointment

If you have an appointment and are not feeling well:

If you are sick and/or have a fever, *Please Stay Home and take care of yourself!* We will be happy to reschedule your appointment. If you arrive at the salon and are ill, we will respectfully ask you to leave and will text you to reschedule your appointment.

We can't wait to see all of you again and appreciate your support. We are all in this together. ♥ ♥ ♥
